Tool details

***FOR RESEARCH USE ONLY**

Name: E6/E7-HTE cell line

Alternate name:

Class:

Conjugate:

Description: Model for HPV associated head and neck cancer. Used as an immortal adult human tonsillar epithelial cell line for pathogenesis and inflammation studies.

Purpose:

Parental cell:

Organism: Human

Tissue: Tonsil

Model: Immortalised Line

Gender:

Isotype:

Reactivity:

Selectivity:

Host:

Immunogen:

Immunogen UNIPROT ID:

Sequence:

Growth properties:

Production details: G418 (requires feeders)

Formulation:

Recommended controls:

Bacterial resistance:

Selectable markers:

Additional notes:

Target details

Target: Used as an immortal adult human tonsillar epithelial cell line for pathogenesis and inflammation studies

Target alternate names:

Target background:

Molecular weight:

Ic50:

Applications

Application: Used as an immortal adult human tonsillar epithelial cell line for pathogenesis and inflammation studies.

Application notes:

Handling

Format: Frozen

Concentration:

Passage number:

Growth medium: Keratinocyte Serum Free Media

Temperature:

Atmosphere:

Volume:

Storage medium:

Storage buffer:

Storage conditions: Liquid Nitrogen

Shipping conditions: Dry ice
